We shot paper silhouettes on the pull-up targets at these distances: Chickens at 200 yards, Pigs at 300 yards, Turkeys at 400 yards & Rams at 500 yards. These were all regulation size targets and let me tell you ... they ain't very big in a peep sight!! We gave 4 min for sighters, and 8 minutes for 10 rounds at each distance. This is probably the most fun you can have with all your clothes on!! ... while shooting that is!! There will be an Invitational Match on Saturday, October 13.

hunting, fishing and trapping laws. If a person's license or permit privileges which come under the scope of the Compact are suspended or revoked in one member state, they are subject to suspension or revocation in all member states. In addition to license and permit suspensions and revocations which result from a conviction for the illegal pursuit, possession or taking of mammals, birds, fish, reptiles, amphibians, mollusks, shellfish and crustaceans, failing to appear in court or to otherwise answer a ticket or summons issued for such violations will also result in license or permit suspension. Compact member states also agree to recognize convictions for violations within the scope of the Compact which occur in all other member states and to apply them toward license and permit suspension and revocations in the state in which the person resides.

## The Wildlife Society

*ODFW website*

The Wildlife Society will hold its 19th Annual Conference in Portland, Oregon from Oct. 13-18. The conference brings together wildlife professionals, educators, scientists, conservationists and others interested in current wildlife research, management issues, and conservation challenges.

"This is the 75th anniversary of the Society, and we are pleased to be hosting the conference in Portland," said Don Whittaker, ODFW wildlife biologist and past president of the Oregon Chapter of The Wildlife

Society. "In addition to the excellent programs, we have planned a number of events that showcase Oregon outdoors as well as the food and beverages for which Portland is so well known."

Event planners are expecting about 2,000 attendees. There will be 435 presentations, 14 workshops, just under 300 posters, more than 60 exhibitors, and five roundtables. There is also time set aside for students to meet and network with professionals. Nearly 30 working group meetings, receptions, and committee meetings will be held in conjunction with the Annual conference. A 75th Anniversary gala will be held Sunday, Oct. 14.

The American Association of Wildlife Veterinarians is partnering with TWS this year. Visit The Wildlife Society's website to learn more and to register for the event, <http://wildlifesociety.org/>.

The Wildlife Society is committed to a world where humans and wildlife co-exist. We work to ensure that wildlife and habitats are conserved through management actions that take into careful consideration relevant scientific information. We create opportunities for this to occur by involving professional wildlife managers, disseminating wildlife science, advocating for effective wildlife policy and law, and building the active support of an informed citizenry. TWS members are active across the United States, Canada, and Mexico, as well as internationally.

## Marijuana Grows on the Increase

*ODFW website*

With the increase of unlawful marijuana grows being located on State and National land, hunters should be aware of their surroundings while recreating.

If you observe camp sites away from main roads, irrigation equipment, cultivated areas or marijuana plants, leave the area immediately from the same direction you entered. Note the location of the suspicious activities and report that information to your local law enforcement agency or

the Oregon State Police TIP line, 1-800/472-7888.

## Hunter Orange

*ODFW website*

Hunters age 17 and under *must* wear a hunter orange exterior garment (shirt, jacket, coat, vest, or sweater) or hat when hunting game mammals or upland birds (except turkey) with any firearm. The exterior garment or hat must have hunter orange visible in all directions (360 degrees).

## Oregon is Black Bear Country

*ODFW website*

Follow these guidelines to avoid conflicts:

- Keep food in bear-proof containers or store in trunk vehicle.
- Be aware of your surroundings at all times.
- Know that by calling in an animal, you may attract bear.
- Carry bear spray and know how to use it.
- Watch for fresh bear signs such as tracks, droppings or diggings.
- Be careful when field-dressing a deer or elk. Make noise; talk and laugh so bears know you are there.
- If you have to leave the carcass overnight, hang it at least 10-12 feet off the ground and 5-6 feet from nearby trees in an open area.
